

**PROVINCIAL DISASTER ASSISTANCE PROGRAM (PDAP)
Private Property Application Instructions**

This document is meant to assist with the completing of an application for the Provincial Disaster Assistance Program.

General Guidelines

1. Application must be submitted within six (6) months of the date of disaster.
2. All pages of the application must be completed, and the application must be signed prior to being processed.
3. All claimants must submit a letter from their insurance provider (not broker) detailing coverage prior to the application being processed. In addition, the following information is required:
 - a. Small business (including agricultural operations) applications require proof of GROSS income, salary expenses and ownership percentage if applicable. All applicable official CRA documents for the most recent year are required.
 - b. Charitable organization, park authority and board applications need to provide proof-of-charitable status documentation or registration information; only providing registration numbers is insufficient. Not-for-profit organizations, volunteer groups and community groups need to provide a mission statement outlining their activities and involvement in the community.
 - c. Tenants are required to submit a copy of their current lease agreement which indicates the names of those that occupy the property. If there is no lease, a letter from the tenant's landlord indicating the names of those that occupy the property. All names must be identified on the application.

(1) APPLICATION TYPE

One application type is accepted for one application; if you have damage that affects multiple category types, separate applications must be filled out. For example, if you have a house on your farm and both your house and land sustain damage, two applications (one for homeowners, one for agricultural operation) are required. If you are a landlord and have multiple damaged rental units, one application is sufficient, with all rental units listed.

- The registered homeowner category is for people who own the property being claimed and live there as their principal residence on a day-to-day basis.
 - The Agricultural operations category is for people who own the property being claimed and derive revenues from carrying on a farming operation in Saskatchewan.
 - Tenant category is for people who rent the property which they use as their principal residence on a day-to-day basis.
-

- A small business category is for people who own the property being claimed and operate a small business in Saskatchewan for profit. Including Rental Properties.
Non-profit category is for a corporation, organization, foundation, society or association that is a registered charity within the meaning of the INCOME TAX ACT (Canada), is incorporated or continued pursuant to an Act or an Act of Parliament of Canada for the purpose of providing social, charitable or recreational services.

(2) APPLICANT INFORMATION

Only individuals whose names are listed on the application can be contacted to discuss matters pertaining to the claim; minors (those under the age of eighteen) should not be listed. Cheques will be made out to the name (s) listed on the application. If the claimant authorizes the Program to correspond with a person other than the claimant, the contact information should also be included.

The contact information listed should be the primary mailing address where all correspondence will be sent and the telephone number where the applicant can be reached. In situations where applicants will be absent from their primary residence for an extended period (e.g. illness, relocation out-of-province/country), alternative contact information should be listed.

(3) DAMAGED PROPERTY INFORMATION

Provide the actual address of damaged property. Legal land description is accepted.

For Agricultural Operation claims: Up to 12 quarter-sections of land can be claimed per application; additional legal land descriptions can be provided on a separate sheet if necessary. If you have land in more than one RM you can make additional applications.

(4) INSURANCE INFORMATION

For all registered homeowners, tenants and small business claims, PDAP requires a letter from your insurance company (not broker) which either denies coverage or details the extent of coverage that will be provided. Verbal denial of coverage for losses or emails will not be accepted; written documentation must be submitted with each application. All insurance letters should be addressed to the person(s) or business name listed on the PDAP application and are to be signed. People with no insurance on their belongings need to self-identify a lack of coverage. PDAP staff cannot contact insurance agents regarding your claim.
